IP 65 ENCLOSURE IN STAINLESS STEEL

VANDAL PROOF DESIGN

EASY TO USE

BUILT IN MEDIA PLAYER

SOFTWARE FOR NAVIGATION HELP

The enclosure can easily be operated from rear end with key and lock facility. There are air vents for proper heat dissipation. The enclosure also has IP 65 rating that makes it water proof . It is covered with anti vandal laminated glass which is anti glare ,to reduce chances of damage to display screen

Sunlight Readable

Brightness is paramount when using outdoor screens, these displays use commercial grade Ultra High Brightness panels (3000 nits); more than 5 times brighter than a standard home TV to allow easy readability in direct sunlight. The display also has an ambient light sensor that will alter the screens brightness based on the displays surrounding light levels.
